EDWARD L. ROBY.

School Board of Clarksville.

## SUPERINTENDENT'S REPORT

---

Feb. 1, 1924 to Feb. 1, 1925

---

In my last report I mentioned an improvement in attendance which seems to be permanent, as our percent of attendance holds around 90. We have been fortunate so far this year in having no epidemic to break up the schools. Cold weather and bad roads caused us some trouble during January, but that is something which cannot be avoided. I feel that we can truthfully say there is now very little unnecessary absence. We still have too much tardiness, and I hope that teachers and parents will co-operate to eliminate this evil. It is very essential that children form the habit of being on time.

Our school buildings are in need of considerable repairing, and new equipment is necessary if we are to carry on our work efficiently. The West building is in good condition, but the others will need to have considerable work done on them if we continue to use them.

Clarks ville has 9 pupils in Pittsburg High School, and 1 in Canaan. These young people are doing good work and we may reasonably expect them to continue in school until their graduation. Most of our elementary pupils are looking forward to a high school course. This shows that parents are willing to give their children every possible chance to secure an education.

The children of today are the citizens and voters of the future; therefore I trust that they will be given all possible encouragement to properly fit themselves for the duties which will later devolve upon them.

In closing, I wish to thank teachers, pupils and citizens for their co-operation, and express my belief that we shall continue to work harmoniously for the common good.

Respectfully submitted,  
William F. Skelton, Supt.
